

February 1, 1959.  
Save this list.  
Only one yearly.

Mrs. Leo Spengler,  
15 West Preston Avenue,  
Orlando, Florida.

African Violets,  
Episcias, other  
Gesneriads.  
Begonias.

PLEASE READ BEFORE ORDERING

Due to increased postal rates it will be necessary to add a 50¢ charge to all orders of \$3.00 and under, and 75¢ for all orders above \$3.00. On heavy plants such as large African violets and begonias, etc, please add \$1.00 for shipping beyond the 5th zone. Please allow for Special Handling, Special Delivery, Air Mail, etc.

Gift leaves will be sent in all leaf orders, some leaves are in short supply, so please list a few substitutes when ordering, if a similar or better variety may be substituted. If I am out of rooted cuttings of the variety you wish, I may put in a small plant instead, if I have it. I shall try to have rooted cuttings of the most popular varieties. I do not sell wholesale but often I have an over-supply of the older varieties near blooming size for 50¢ each.

Visitors are welcome any day except Saturdays. I am located in north central Orlando, one block south of Par Avenue (north city limits) and the second house on north side of West Preston Avenue, west of De Pauw Street.

GROUP I ---- New and scarce varieties.

Leaves 50¢ each; rooted cuttings 75¢ each; small plants 75¢. Starred (\*) varieties will not be ready to take leaves off till May; I will have a few small plants of many of them and perhaps a very few rooted cuttings, but expect to have rooted cuttings of all in September or sooner.
